Introduction:

The "One Day Workshop for School and College Students on Cyber Security & Emerging Technologies" was organized to educate young learners on critical aspects of cyber security and the latest technological advancements. The event aimed to build awareness, enhance skills, and prepare students for the challenges and opportunities in the digital age.

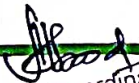

Objectives:

1. **Cyber Security:** To impart knowledge about the importance of cyber security, common threats, and best practices to protect personal and sensitive information online.
2. **Emerging Technologies:** To introduce students to emerging technologies such as Artificial Intelligence (AI), Internet of Things (IoT), and Blockchain, highlighting their potential impact on various sectors.
3. **Practical Knowledge:** To provide hands-on experience and practical knowledge through interactive sessions and demonstrations.

Workshop Schedule:

Inauguration:

- The workshop began with an inauguration ceremony where the Principal, Habraghat Mahavidyalaya, Krishnai and representatives from NIELIT, Guwahati, addressed the participants.

- A welcome speech emphasized the significance of cyber security and staying updated with emerging technologies.

Sessions:

1. Introduction to Cyber Security:

- Overview of cyber security concepts and the importance of protecting digital information.
- Discussion on common cyber threats such as phishing, malware, and social engineering attacks.

2. Cyber Security Best Practices:

- Tips on creating strong passwords, using two-factor authentication, and recognizing phishing attempts.
- Demonstrations on safe internet browsing and secure online transactions.

3. Emerging Technologies:

- Introduction to Artificial Intelligence (AI) and its applications in various fields.
- Overview of the Internet of Things (IoT) and how connected devices are transforming industries.
- Explanation of Blockchain technology and its potential beyond cryptocurrencies.

4. Interactive Session:

- Q&A session where students asked questions and discussed real-life scenarios related to cyber security and emerging technologies.
- Hands-on activities and demonstrations to reinforce the concepts learned.

Valedictory Session:

- Distribution of participation certificates to all attendees.
- Closing remarks by NIELIT representatives, encouraging students to continue exploring and learning about cyber security and emerging technologies.

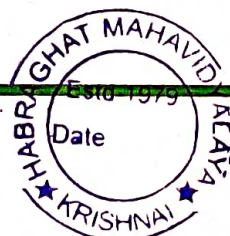

Programme Outcome:

1. Increased Awareness:

- The workshop significantly raised awareness among students about the importance of cyber security and the potential risks associated with online activities.

2. Interest in Emerging Technologies:

- Students showed great interest in learning about emerging technologies such as AI, IoT, and Blockchain. The sessions helped demystify these concepts and sparked curiosity for further exploration.

3. Need for Continuous Learning:

- The workshop highlighted the necessity for ongoing education in cyber security and emerging technologies, as these fields are continuously evolving.

4. Practical Skills:

- Hands-on activities were particularly effective in helping students understand and apply theoretical knowledge. Practical demonstrations made the learning experience more engaging and memorable.

Conclusion:

The one-day workshop successfully achieved its objectives of educating students about cyber security and emerging technologies. The interactive and practical approach helped participants gain valuable insights and skills that are essential in today's digital world. The collaboration between IQAC Habraghat Mahavidyalaya and NIELIT, Guwahati, proved to be effective in fostering a learning environment that encourages curiosity and continuous learning.

Introduction:

The "Two Days Workshop Programme for Farmers on Digital Inclusion and Digital Equity, Use of ICT Technologies for Effective Farming and Marketing" was organized to empower farmers with digital tools and knowledge. The workshop aimed to bridge the digital divide, promote digital equity, and enhance the efficiency of farming and marketing practices through the use of Information and Communication Technologies (ICT).

Objectives:

1. Digital Inclusion and Equity: To ensure farmers are included in the digital ecosystem, providing them with the necessary skills and tools to access digital resources.
2. ICT for Farming: To introduce farmers to ICT technologies that can improve farming practices, enhance productivity, and ensure sustainable agriculture.
3. Digital Marketing: To educate farmers on digital marketing strategies to promote their products and access broader markets.

- Demonstration of how to use digital platforms for market research, price comparison, and finding buyers.
- Tips on creating online profiles, listing products, and engaging with customers.

3. Interactive Session:

- Q&A session where farmers asked questions and shared their experiences with digital tools and marketing.
- Group discussions on the challenges faced in digital adoption and potential solutions.

Valedictory Session:

- Distribution of participation certificates to all attendees.
- Closing remarks by NIELIT representatives, encouraging farmers to continue exploring and using digital technologies in their farming practices.

Programme Outcomes:

1. Enhanced Digital Literacy:

- The workshop significantly improved farmers' understanding of digital tools and their applications in farming and marketing.

2. Increased Interest in ICT:

- Farmers showed a keen interest in using ICT technologies to enhance their farming practices and improve productivity.

3. Barriers to Digital Adoption:

- Some challenges were identified, such as limited access to devices, internet connectivity issues, and initial resistance to adopting new technologies.

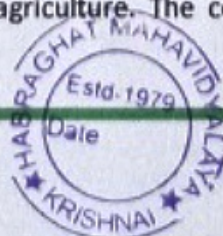

4. Positive Attitude Towards Digital Marketing:

- Farmers recognized the potential benefits of digital marketing and expressed willingness to use online platforms to reach wider markets.

Conclusion:

The two-day workshop successfully achieved its objectives of promoting digital inclusion and equity among farmers, and demonstrating the effective use of ICT technologies for farming and marketing. The interactive and practical approach helped farmers gain valuable insights and skills that are essential for modern agriculture. The collaboration between IQAC Habraghat

Introduction:

The IQAC of Habraghat Mahavidyalaya, Krishnai, in collaboration with the National Institution of Electronics & Information Technology (NIELIT), Guwahati, organized a one-day workshop on 15th June 2022. The workshop aimed at empowering elderly individuals by familiarizing them with mobile applications for digital payments and e-governance services.

Objectives

1. To educate elderly participants on the use of mobile applications for digital transactions.
2. To enhance their understanding of e-governance services available through mobile platforms.
3. To address concerns and safety measures associated with online transactions.
4. To promote digital literacy and inclusivity among the elderly population.

Participants

The workshop saw active participation 96 elderly persons from the local community. The participants were eager to learn and adapt to the digital changes in the world.

Sessions and Activities

The workshop was divided into several interactive sessions, each focusing on different aspects of digital payments and e-governance.

1. Inaugural Session:

- o **Welcome Address:** The workshop began with a welcome address by Dr. Mantu Kr. Das, Principal, Habraghat Mahavidyalaya, Krishnai.

- **Inaugural Speech:** Mr. A.K. Boro Programme Coordinator of NIELIT Guwahati, highlighted the importance of digital literacy for the elderly persons.
- 2. Introduction to Mobile Applications:**
- An overview of popular mobile applications for digital payments, such as Google Pay, Paytm, and BHIM.
 - Demonstrations on downloading and setting up these applications.
- 3. Digital Payments:**
- Step-by-step guidance on making digital payments, including transferring money, paying bills, and recharging mobile phones.
 - Hands-on practice sessions where participants could simulate transactions.
- 4. E-Governance Services:**
- Information on accessing government services online, such as applying for documents, paying taxes, and checking pension status.
 - Demonstrations of various government portals and mobile apps.
- 5. Safety and Security:**
- Discussion on safety measures to protect against fraud and scams.
 - Tips on creating strong passwords and recognizing phishing attempts.
- 6. Interactive Q&A Session:**
- An open floor for participants to ask questions and clear their doubts.
 - Personalized assistance provided to participants needing extra help.

Conclusion:

The workshop concluded with a feedback session where participants shared their experiences. Many expressed their gratitude and felt more confident in using digital technologies for daily transactions and accessing government services.

Dr. Akbar Ali Ahmed, the coordinator of IQAC, Habraghat Mahavidyalaya, Krishnai expressed satisfaction with the successful conduct of the workshop and emphasized the need for ongoing support and training for the elderly persons.

Acknowledgments

Special thanks were extended to the organizing teams of IQAC Habraghat Mahavidyalaya and NIELIT Guwahati, the trainers, and all the participants for making the workshop a success.
