Social Service

“He who wishes to secure the good of others, has already secured his own”
Confucius.

Believing in this motto, Habraghat mahavidyalaya has decided to be committed to social service from the very beginning. In the fast pacing world of the 21st century, there is hardly any time to pause, stop and look back. The growing focus on the self and the urge to fulfill one’s selfish desire has grasped the world. The digital media has parasitically hogged all the attention of the new generation. At such a time which is equally dark as it is bright, it is education that can bring significant change in molding the minds and understanding of the young minds towards an all comprehensive development not just of the individual but of the society. An education institution, which has a goal of spreading the light of knowledge aspires to strengthen the bond between the young and the old, the institution and the society.

Habraghat Mahavidyalaya, an institution of higher education in the rural locality of Krishnai always aspires to serve the community. Social service, in fact, is a port folio offered in students’ election and the motif behind is to provide services not just to the college but to the outside communities also. It is essential to mention that the college has an active cell of NSS whose motto is ‘Not me but You’. Under the banner of NSS and Social Service, the college has been performing multiple programmes, campaigns, workshops etc to render multifarious services inside and outside the campus.

Following are the various programmes the college has organised in order to provide services to the public

1. COVID-19 Vaccination camps: The college organised several COVID-19 vaccination camps in the college premise. The people from nearby villeges were informed prior to camps and were provided with all the doses for free. The college, thus, is joining hands in making the nation a COVID-19 free zone by imparting services to the best of its capacities.
